

CENTRALIZED COMPUTER CENTRE

To create awareness, inculcate interest and Educate students and staff, a Centralized Computer Centre [CCC] has been established with 25 systems with high configuration along with Internet, LAN, with electrical back-up, printing and Xerox facilities.

IT Department is established to look after the ongoing work to fulfill the aim and objectives of the CCC.

Training will be given on operating system, basic languages, use of Internet, E-mail etc., to the stakeholders. Under this Cell UGC sponsored Career Oriented Programme in Computer Hardware and Networking is being operated successfully.
